MARKET: World-wide enterprise, small-medium business (SMB), service provider, and residential markets.

AWARDS AND INDUSTRY RECOGNITION:

DEVICE PROVISIONING: Grandstream's automated provisioning system (GAPSLITE) enables service providers and enterprise administrators to automate the provisioning of Grandstream CPE devices from a secure central location. The IP-PBX also supports auto provisioning for all Grandstream phones and ATA's.

SERVICE & SUPPORT: Grandstream's On-line Tracking System enables large customers/distributors to securely place an order, check order status and/or shipping status once an order is processed. The customer account page enables customers to issue a trouble ticket, return material authorization (RMA).

WARRANTY: All hardware products sold by Grandstream will be free from defects in workmanship and materials under normal use and service for the period of one (1) year. Extended warranty is available.
